## Product Description

Ecran Sunnique Gel Crema Tacto Sedoso Protector Solar SPF 30 (Silky Touch Cream Gel Sunscreen SPF 30) is described as an ultra-light cream gel texture that is quickly absorbed and that leaves the skin soft and hydrated. According to the manufacturer, it melts on skin for a silky to the touch effect. The formula contains SPF 30 for high UVA and UVB protection and Cellular Defense claimed to protect from sun damage and infra red rays while boosting skin's antioxidant defences. The biodegradable and water resistant product is easy to apply, has been clinically tested, and retails in a 250ml recyclable pack.
