## Product Description

Lumene features, rooted in the wellbeing rituals of Northern Finland, an Arctic spring water infused formulas that harness the power of various wild Arctic ingredients, including plants producing unparalleled high levels of potent nutrients and antioxidants. The [Lumo] Nordic Bloom range is designed to reduce the signs of ageing by helping to reduce the appearance of lines and wrinkles, and improve skin's bouncy feel, thanks to the Nordic berry pre-retinol complex, with pre-retinol rich Nordic sea buckthorn and wild Arctic cloudberry, as well as patented quercetin-rich Nordic lingonberry extract. It is claimed to leave skin smoother and firmer. Included in the Anti-Wrinkle & Firm sub-range is Night Moisturizer, which features a fast-absorbing formula, said to be clinically tested to moisturise skin, make it look firmer, reduce the appearance of wrinkles, and replenish skin overnight, for that well rested, rejuvenated look by morning. The nurturing formula is suitable for all skin types. The 98% naturally-derived, vegan product is designed for users aged 35 to 55, and retails in a 50ml recyclable pack, bearing the FSC Mix logo.
